

1. Ingrese a <https://www.databricks.com/>

2. Seleccione la opción **Try Databricks** en la esquina superior derecha de la pantalla

3. Diligencie su información en el formulario con su correo Uniandes

A screenshot of the 'Create your Databricks account' form. The form is titled 'Create your Databricks account' and has a progress indicator '1/2'. It includes a sub-header 'Try Databricks free' and a paragraph: 'Test-drive the full Databricks platform free for 14 days on your choice of AWS, Microsoft Azure or Google Cloud. Sign-up with your work email to elevate your trial experience.' Below this are three bullet points with checkmarks: 'Create high quality Generative AI applications', 'Simplify data ingestion and automate ETL', and 'Get \$400 in serverless compute credits to use during your trial'. The form fields include: 'First name', 'Last name', 'Email', 'Company', 'Title', 'Phone (Optional)', and 'Country' (a dropdown menu with 'Colombia' selected). At the bottom, there is a red 'Continue' button. The footer of the form includes logos for Mercedes-Benz, Walgreens, and Square, along with a privacy policy link.

4. Seleccione la opción **Get started with Community Edition**

Try Databricks free

Test-drive the full Databricks platform free for 14 days on your choice of AWS, Microsoft Azure or Google Cloud. Sign-up with your work email to elevate your trial experience.

- ✓ Create high quality Generative AI applications
Build production quality generative AI applications and ensure your output is accurate, current, aware of your enterprise context, and safe.
- ✓ Simplify data ingestion and automate ETL
Ingest data from hundreds of sources. Use a simple declarative approach to build data pipelines.
- ✓ Get \$400 in serverless compute credits to use during your trial
Access instant, elastic compute during your trial. Please note that serverless compute is not available on Google Cloud Platform or for Databricks Partners.

Mercedes-Benz

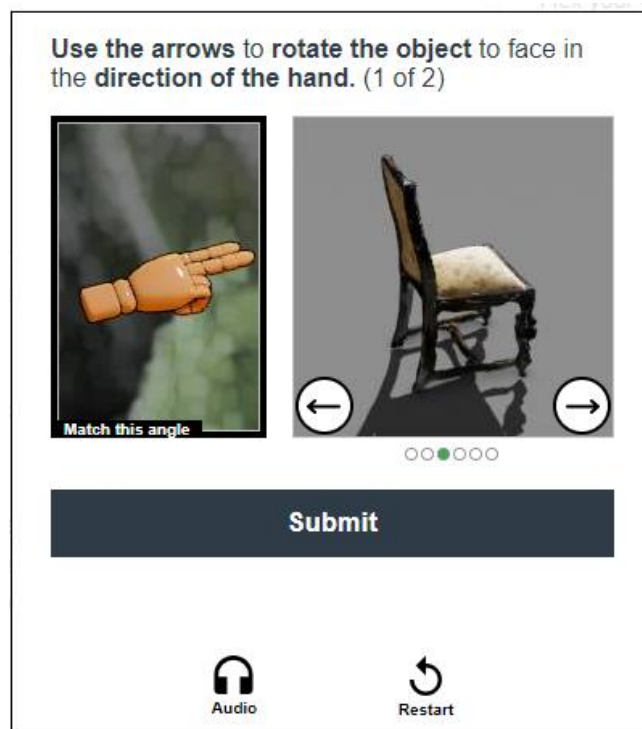

Walgreens

Square
